Based on Sir Arthur Conan Doyle's fictional detective character, Sherlock Holmes (Benedict Cumberbatch). Crew: Brothers Arthur and George C. St. John (Alfred Molina).

Overview: Holmes meets the brilliant but enigmatic Dr. Watson (Jude Law) in his first case in 221B Baker Street. The device has been updated to Android 7.0 Nougat, though all of the functionality was there in Marshmallow. If you're a SHIELD TV user, you'll notice there's a redesigned user interface that may require a little more
