PhotoLikr Crack+ Activation Code

PhotoLikr is a graphic viewer and photo rating application that can be used to upload your favorite photos on the web in a hassle free way. Simply open any supported photo file format like.bmp,.jpg,.jpeg or.png and your current image will be uploaded and displayed on your web browser. From there, you can now rate the image in a positive or negative way by clicking on the images up and down buttons on the bottom right of the screen. Additionally, you can choose to upload the file to one of the preferred storage accounts with one click. The programs accounts include Google+, Picasa, Gmail, Minus, PhotosOnWeb, as well as other hosting sites such as Photobucket, Flickr, and MySpace. Possible Filters: You can choose to add a negative/positive rating to every image on your computer. After that, you can use filters like Favorites, Retina, and Red-Eye to only upload images that you like or to use advanced features like searching for and grouping images.
